

PAT. NO.	Title					
9,169,112	Beverage dispenser with multi-chambered carousel and automatic coordination of flavorant flow rate					
8,726,690	Insulation panels applied to or as a feature module					
8,499,975	Refrigerator beverage flavor dispenser with flavor strength adjustment					
7,686,172	Storage bin					
7,527,156	Tool caddy					
7,191,827	Low ambient temperature refrigerator					
7,147,290	Modular workbench system					
7,140,701	Modular workbench system					
D517,319	Storage bin					
6,926,376	Modular workbench system					
6,725,680	Multi-compartment refrigerator control algorithm for variable speed evaporator fan motor					
6,694,754	Refrigeration appliance with pulsed defrost heater					
6,532,751	Method of maximizing ice production in a refrigeration appliance					
5,964,617	Access panel with blind connector
